

Fact Sheet

SUPPORT COORDINATION

What is Support Coordination?

Support Coordination, if applicable, will exist on your NDIS Plan under Capacity Building Support. Support Coordination exists to support the implementation of all supports detailed in your plan. This includes informal supports (including non-funded and non-disability supports), mainstream supports, community supports and funded supports.

Support Coordination also provides assistance to strengthen your ability to coordinate your own supports and achieve greater independence.

The role of your Support Coordinator

Your Support Coordinator is there to assist you to achieve your goals. They will work with you to ensure your plan is being executed in-line with your goals. They may assist you to:

- assess and choose your preferred provider(s) that will meet your needs as outlined in your NDIS Plan
- negotiate services to be provided, cost in determining the budget for each support type
- liaise with Plan Managers, NDIA, community services and agencies on your behalf
- link with mainstream or community services (i.e. housing, education, transport, health)
- enhance your capacity to coordinate supports, self-direct and manage supports
- resolve problems or issues, understand service agreements and your responsibilities and to change or end a service agreement

Support Coordination at Lifebridge

Coordination of Supports

Coordination of Supports focuses on capacity building; to connect and coordinate your supports from a range of sources and in a complex service delivery environment.

Why Lifebridge

Lifebridge Australia is registered under the NDIA, as a provider of Support Coordination. Our experienced team provide 30 years of experience to each and every participant to ensure you are receiving the right supports.
